Education: Researches the wines to be served and offers information relevant to the wines.

Please understand that the Board of Directors is available to assist you in the position that you are volunteering for. For instance, there are several people on the Board who have appetizer ability and can help in the selection, and maybe the preparation, of the food bites. They will also offer suggestions for the selection of the wines, if asked. Educational materials are available at many locations. *You Are Not Alone In This Endeavor!* You will be reimbursed for the wines purchased and used. Food-Bites are budgeted up to \$120.00. Please save your receipts and present them to the Treasurer. All purchases are subject to approval by the Board.
